RE: Continuation of Implementation of Phase II

Dear Mr. McWhorter,

Potter-Randall County Emergency Communications District agrees to the continuation of the implementation of Phase II through June 2005. We respect the completion of the first 50% of implementation and eagerly await the completion of the project.

We appreciate Cellular One's completion of 50% of E9-1-1 implementation and keeping the District advised as the work progresses.

The District is prepared to assist Cellular One in the testing and performance to meet FCC guidelines.

Sincerely,

Charlie Broomhead

Executive Director
